<b>IN DOCKET NO. 32162</b>	<b>§</b>	

In compliance with the requirements in PURA §55.015 and P.U.C. SUBST. R. §26.412, I hereby certify that \_\_\_\_\_ (the Certificated Provider) (please check the category that applies):

(1) is an ETC/ETP currently providing Lifeline Service. We are in compliance with all requirements in new §26.412. We have filed revised/updated tariffs in Docket No. \_\_\_\_\_ (if no tariff revisions or updates are required, insert "N/A").

(2) is a Non-ETC/ETP, which offers residential local exchange service. We are in compliance with all the requirements in new §26.412 and will submit in this project by June 9, 2007, the following: 1) Lifeline tariff; and 2) an initial plan for interfacing with Solix for the LIDA matching process.

(3) is a Non-ETC/ETP, which offers only business local exchange service and does not offer any residential local exchange service nor does it plan to offer any residential local exchange service the near future, thereby making the new §26.412 not applicable at this time.
